Message 7: Identity

1. Why are we all on an “Identity quest?”

2. What are the two places a person looks to find their identity?

3. Process the statement: “Identity amnesia will always lead to identity replacement.”

4. How do you know when you’re putting your identity in the wrong place or person? What are some of the signs?

PRINCIPLE TO PROCESS

If you’re not resting in your identity in Christ, you will look for it in something or someone else.
