Message 4: Law

1. What “tool” do you default to when it comes to bringing change in your relationships? Grace or Law?

2. Can Law change a heart? If Law could change a heart then Jesus never needed to come.

3. What then is the purpose of God’s Law?

4. How does grace correspond to law?

5. Over the last six weeks, are you more offended, angered, irritated, etc. at the breaking of God’s Law or your personal Law?

6. How can we take these theological truths and practically apply them to our relationships?

PRINCIPLE TO PROCESS

We need God’s Law, but we cannot ask the Law to do what only grace can accomplish.
